

# Workshop and Competition @ IEEE CEC 2023

A Sandbox for Teaching and Learning in AI  
for Pre-University and Undergraduate Students

- 📅 Date: July 2, 2023
- 🏠 Venue: Swissôtel Chicago, Chicago, USA
- 👉 <https://2023.ieee-cec.org/>

## Activity Goals

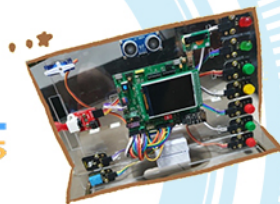

- Learn more about machine learning and how it shapes our world.
- Teach a robot to recognize objects and make recommendations to plan your next journey.
- Engage in a fun competition that tests the skills you have learned during the workshop.

## Registration Information

- Open to all middle/high school and undergraduate students, no prerequisites required.
- 25\$ registration fee per participant covering the costs of the workshop (excluding traveling and lodging).
